

ELIMINATION OF WILD HOOK SECRET OF ADAMS' SUCCESS

Was Good Golfer With Faulty Style For Years—Now Ontario Champion

DESERVED TO WIN

By FRED JACKSON

J. C. "Sonny" Adams of Scarborough moved into the "king row" of Ontario amateur golf Saturday when he trimmed Norman Keene, of London, by a two-and-one count in the final at Mississauga. Today he is still trying to figure it out. Coupled with the fact it's a little too much.

The big, good-natured cast-ender wasn't nursing any ideas of winning the championship when he started. Keene was playing Thursday, his start much better than ever before. Adams hoped he might make the match play tests. Figured he would just keep on hitting the ball and string along with the rest of the boys.

But Sonny Adams was minimizing his golfing ability. Always a long and powerful hitter of the natural school, he had changed his style considerably at the start of the season and eliminated many of the errors which had been keeping him away from the first prize.

Adams played a beautiful iron to the green on the par three fourth-teenth to win when Keene missed the green and carded a four. The match was done at this stage, three to one in Adams' favor.

Keene outdistanced Adams by 40 yards of the fifteenth at this stage, latter, forced to use a spoon, with brassie out of commission, did well to get over the hump. He dropped a 12-foot putt home for a birdie and won the match.

Keene had cut loose with a terrific drive that was close to 300 yards and left him with a short 15-yard pitch for a possible birdie. Adams still using his spoon, was easily 50 yards behind.

Keene clipped off a perfect pitch-and-iron shot, the ball stopping eight feet from the pin. Keene's second shot, a 15-foot putt, and Adams failed to connect with a second shot and halved the next two with par fives. With any luck at all he could have taken the thirteenth.

Adams wasn't pivoting properly and he was stretching for the ball to reach a hook coming on with the ball had altogether too far off the left toe.

Gradually the right eye started to creep in and suddenly, Adams started to pivot correctly and locating the ball back a bit—result: elimination of many errors and a championship.

Phonetic name: Norman Keene in the final Adams showed a perspiration which was a fine sign of a good golfer. He well deserved the title with a distinct edge on his rival.

AMATEUR MAT MEN STAGE SHOW TO-NIGHT
Two feature main bouts are on the program for the regular weekly wrestling show at the Consols stadium to-night, with Ran Gazalay meeting Rene Labelle in the final and Ed Broekshaw wrestling with Wally Meyers in the semi-final.

No Man's Land of Sport

By ALEXANDRINE GIBB

Picking a girls' team to represent Canada at the German Olympics a serious responsibility for those entrusted with the job.

The chairman of that committee was on his shoulders Saturday night down in Montreal, and I wanted the best advice obtainable in the choosing of the squad.

That was why I added to the list of three (the other two being Mrs. Myrtle McGowan and Mrs. W. E. Stirling) the women who were in Montreal and who should be able to judge out athletes if anybody could.

So we sat in a big group and talked the matter over. It was a very harmonious meeting. Ann Clark of Vancouver was chosen as that car or not, Dave. "Why don't you go to Bray-Nash Motors? You don't have to take a chance there; they give a Money-back Guarantee."

There's an argument on in Montreal over the wrestling trials. Schleimer of Toronto was given the award over Pease of Toronto in one of the semi-final events. Now the committee is faced with the dilemma, that of the three judges who gave the award, one gave a draw, one was for Pease and the third was for Schleimer, and this third judge was Schleimer's own coach.

Now I wonder if they ever thought that a man who was coach of an athlete could be any other than a biased judge in competition. It's a delicate wrestling situation for the committee to handle.

Of all the swimmers selected to go to the Olympics, the only ones who came home to try to raise sufficient funds for their boat fares were Marg Stone, Theima Boughner and Coach Alex Duff.

Go through the list of swimmers and you will find three Dolphinets, four men, two from Vancouver, one from Victoria, one New Westminster, one Edmonton, one Winnipeg, one Windsor and one Montreal.

Maybe they don't like the water east of Montreal. It is noticeable that the swim team stops there. There were no entrants in the swimming trials east of Montreal.

Alex. Duff has three girls on the team. The outstanding coach was Tommy Walker of Central Y. who met, at the suggestion of the committee, with the three judges. He also ranks at the top in view of his remarkable training of young Bob Handley, fourth man in the race and the only one to beat Anderson in a singles race this year, was not a threat.

Perfect Show
The regatta might have resulted from a conspiracy of the Balmby Beach club, the weatherman and the whole east end to put on a perfect paddling show. A well-rehearsed musical comedy couldn't have run more smoothly. Many of the regatta were in various stages of beach dress and the blare of what the radio announcers call electrical recordings lent a carnival air. An odd assortment of pleasure craft strung out from shore added to the gaiety of the scene. The kids' punt races lent comedy relief.

Hardly a ripple stirred the water, yet spectators on the shaded shore were comfortable. Out on the course the sun was hot enough to sap the strength of all but the strongest.

Matter of Inches
Perhaps the most thrilling race of the day was the intermediate fours with the rule of the Beach right in their own pond. The race was won by inches and the Beach four, putting on a tremendous drive for the quarter mile, had a lead of another boat length. The Boulevard crew was third.

In most of the other events Balmby Beach paddlers showed the way.

POP PARADE

by CHARLES GOOD

Throw the Red Wings out of the league and the Leafs would be up there with the first-flighters—or pretty close.

They just can't seem to beat the Cardinal farm contingent now. It was different last season when Pattison alone took Rochester for seven victories.

Incidentally, Pat was one of the Toronto victims yesterday. He wouldn't have been if the usually reliable Eddie Miller hadn't messed up an easy play.

But that's the way things have been all season whenever the teams meet. It is just a case of the old Indian sign working overtime.

Rochester comes down in front in Charlie Knapp's derby it will be because of their undoubted mastery over the Leafs. Whittle six games off their 55 wins and add six losses to their 29 defeats and the Leafs, who have been comparatively soft touches for Toronto, would be holding a comfortable lead.

In Baltimore they will tell you that Cliff Melton is a better south-paw than Bob Weiland of Rochester, yet the latter usually stands the Leafs on their heads when he is used, either as a starter or in a relief capacity.

Yesterday the veteran stopped the Leafs twice in a rescue role. On the other hand Melton was blasted out on Saturday by the Leafs in short order and was so peeved over his setback that he kicked over the water bottle when he reached the Baltimore dugout, duplicating his flareup of Friday when he was beaten as a reliever.

Before coming to Toronto, Melton had only lost three games and was tied with Weiland in victories at 13 for the season.

To-night the Birds wind up their series here. To-morrow the Albany Senators, who started the Leafs on the downward path on their last visit will be in evidence. Wednesday night a twilight doubleheader is slated, the first of the season.

The Wings now possess a three-game lead over the second place Leafs, who won and lost at Montreal yesterday. Chicago was the Royals' winner, while Tamulis carried off brackets in Newark's success. Dick Porter had a homer.

At Syracuse the Baltimore club split with the Chiefs, while Buffalo won from Albany 4 to 3. Phillip's homer doing the trick.

LEAFS' RUIN OF LUCK BAD AT ROCHESTER
(Continued from Previous Page)
winners got all three of their runs, making it necessary to call John Berly into action. The Leafs' nearest rival, Detroit, delivered in good style, holding the Wings hitless in the 2-3 innings he worked. The Leafs collected ten hits as against seven, with Burnett getting two for.

Comorsky again connected for a double while Oliver, who went hitless in the first, had two.

Handley, who had a pair of singles, gave the credit, although he didn't finish. Ko Boone had his usual rumpus, being chased in the second inning when he took exception to the umpire's call. Campbell, who also had occasion to give Manager Blades of the home club the finger.

Herrmann Falls—Mooty Wins
Saturday here, the Leafs divided with the Birds, losing the first 8 to 5, and winning the second 9 to 1. Herrmann was the victim in the opener, and a four-run orgy on the part of the Marylanders causing his retirement in the third. Earl Cook relieved him and after a poor start checked the enemy in the last four frames. But Cook was fortunate to go the route as the Leafs got to him for 12 hits, including a triple and a double by Oliver and a two-bagger by Heath. Handley and Mooty also had a pair of singles each. In the second game Mooty outpitched Melton and Lohrman.

But for Powers who had three of the Birds' four hits he would have had his second shut out of the season, until he came here, had lost but three games as against 13 wins. On Friday night he was beaten in a relief role and on Saturday he was batted out in four innings. A corking double by Miller and a line triple from Werba but had much to do with his downfall. The Leafs ran wild on the bases, Handley scoring on one occasion from second base on an infield out. The Knot Hole gang were the guinea pig of prexy Oakley Berly may make his first local appearance to-night against his old club mates.

THE HERO AND THE GOAT
Held Reds to one hit in first eight innings of twin bill, Philadelphia winning 4 to 0.
The goat—Dick Bartell, Giants—His miff of pop fly put New York on skids as they lost first game of doubleheader to Cubs, 4 to 2.
Roy Bell, Browns—Had three hits and batted in two runs in 4-3 victory over Senators.

WE GROW HAIR

THE above pictures of Thomas client Leo Stack show how Thomas re-grows hair even in extremely serious cases of baldness. This is an "alopecia areata" case and is considered unusually baffling by most authorities. The Thomases have hundreds of such cases each year and have consistently, without a single failure, re-grown hair.

Loss of hair due to dandruff may make you just as bald as loss of hair from alopecia areata, or from any of the other 14 local scalp ills. Regardless as to the cause of your hair-loss, you must have highly specialized knowledge and treatment applied if you are to expect satisfactory results. The Thomas know how to treat effectively all of the 14 local causes of baldness. They know how to end dandruff, how to stop falling hair, and how to promote hair growth on thin and bald spots.

Avail yourself of this extensive knowledge of hair and scalp science by consulting a Thomas specialist today. Without charge or obligation he'll gladly examine your scalp and advise you. You are always welcome.

Speedier Summer Service To The Islands
WHAT pleasanter spot around town could there be to spend a hot July afternoon and evening than at the Island? And to make your trip faster and more convenient, the T.T.C. has speeded up the Ferry service, and focussed extra street car lines on the docks.

In addition to the regular Bay Route, Bathurst and Dundas cars now operate directly to the Ferry all day Sundays and holidays—on Saturday afternoons and evenings—and every evening during week-days.

The ferry boats themselves provide regular 20-minute service to Hanlan's Point and Centre Island—with frequent service to Ward's Island. The Night Launch service is operating regularly.

The popular T.T.C. cruise launches, "Miss York" and "Miss Simcoe", are providing hourly sight-seeing trips across the Bay and through the Island Lagoons. These trips start from the Mainland Ferry Docks at 1 p.m., 2 p.m., 3 p.m. and 4 p.m.

In the afternoons there are launch trips from Manitou Dock, Centre Island, through the Lagoons. In the evenings the launches supply inter-Island service between Hanlan's Point and Manitou Dock, Centre Island.

Plan to take advantage of these enjoyable services as often as possible during the season. You'll find it many degrees cooler on the Islands, no matter how hot it may be in the city. You'll enjoy bathing at the clean, sandy, uncrowded Island beaches.

For the family picnic, Hanlan's Point provides ideal facilities and service, together with free entertainments, special band concerts, and amusements for all ages. Every Sunday evening the famous Toronto Concert Band attracts thousands who enjoy the delightful concerts.

OLYMPIC FIGHT TRIALS SLATED FOR TO-NIGHT
Athletes From Coast to Coast Competing
Montreal, July 13.—Canada's best amateur boxers gathered to-day for their part in Olympic trial festivities. They close week-long activities in swimming, track and field and wrestling.

A coast-to-coast entry of more than 50 will trade punches to-night in the preliminaries. Semi-finals are scheduled for Tuesday night and finals Wednesday night.

In the list are champions of every province. Only one outstanding fighter, Murray Patrick of Vancouver, is missing. Patrick, Canadian heavyweight champion, was forced to cancel his try for an Olympic berth after a recent nose operation.

IN ONE EAR—OUT NEXT EDITION

"Dizzier" Dizzy Dean is dizzier than ever 4-day and there is a reason. On Saturday the Cubs lost to the Cardinals and their hope to win the pennant was a wreck on the heat by a hot ball from the bat of Burgess.

He was carried from the field unconscious and brain concussion was feared. Examination proved that he was not seriously injured, however, and he is expected to be found in a day or so. Dean is still retained in the hospital for observation purposes. He was mighty powerful yesterday when they refused to let him out, although he complained of a headache.

All Aboard
Sam Gibbs, Montreal boxing master, is taking a team of four Canadian champions to England for a Canadian campaign in the old land. Bay Cook, Toronto; Greg Green, Toronto; Frank Martin and Joe Marsh, all of Montreal, are the fighters on the roster.

Kayoed By Heat
Toronto's veteran baseball authorities say that Saturday was the first time as far as they can remember that ball games had to be postponed because of heat. All clashes at the West Toronto contest were called off. A fight was stopped in the fifth after Player Bennett of the Columbus club, keeled over while sitting on the bench.

Dusky Knights
It is certainly the ebony era in the United States' track and field history. No less than 11 of the athletes, who will wear the Stars and Stripes at the Olympic games, are negroes. Ten of the colored folk have won places on the men's squad, with Tidy Pickett being the lone negro on the women's section of the team.

Henry the Fit
The trip to the games at Berlin means more to some athletes than to others. One of the members of the U.S. fencing committee mortgaged his home to make the trip and another sold his car to raise funds.

Brewer the Basher
Carl Brewer, Consols' versatile star, is leading the hitters in the Beaches Major baseball league with an average of .433. Hank Nairn, a team-mate, holds down second place with .430.

Jesse Owens Mainspring of U.S. Olympic Machine

New York, July 13.—Destinies of the U.S. Olympic team ride with the colored athlete Jesse Owens. There's just nothing in the book that touches Owens.

He made one of the world's records yesterday, 21 seconds flat, in the 100-yard dash, with a breezing, relaxed, on his own momentum. The other two records were furnished by the negroes, Cornelius Johnson and Duke Coe, a Briton, who did 6 feet 9 1/2 inches in the high jump, and by Harold Manning, with his 9.08 2-10 for the 3,000-metre steeplechase.

Steeplechase records are always open to argument. But Manning has three things—speed, strength and the fact that he hurdles the steeplechase with a personal personality I give him a great chance.

Anyhow, the two high jumpers stole the show, with the 21,000 sell-out crowd. But we go back to Owens. He stays there.

The day before, he won the 100, "standing up," in 10 4-10 and the broad jump at close to 26 feet. Yesterday he tied the Olympic record, 21-2-10, in his 200 heat, after breaking his stride on the turn, and in the final broke all records for his stride again. Last night the Olympic committee, in determining its selections, began some hocus-pocus about the relay personnel with more than a hint that Owens would figure in the 400 relay team.

In other words, he may win three events, but he won't win a fourth. It will be a calamity if these doesn't keep away from open elevator shafts between now and Wednesday.
